Information Seminars:

1:00pm – 2:00pm Transition To Adulthood

What does it mean to be an adult and how do I get there? How do I help a person transition from high school to adult life? The panel will use the Transition Toolkit to tell you how to make a successful transition.

4:00pm – 5:00pm More to Life than Group Homes and Day Programs

You can build a quality life without relying on group home or day program support. Two families will share their stories of building quality lives using community resources.

Jump Out of the Box

What do you need to get through your day? Some people use reminders on their cell phones. Some people use stools to reach high shelves. There are many different solutions to everyday problems. Come see some simple solutions to barriers people with disabilities face daily. A trip to Wal-Mart may be all you need to gain independence!
