

## SAINTS NEWSLETTER

December 2016

### ROTARY INTERACT CLUB INDUCTION CEREMONY

This year marks the inaugural year of Collegiate's Rotary Interact Club. On December 7, Collegiate welcomed St. Catharines Rotarians and Mayor Walter Sendzik to Taste Restaurant for the Club's formal induction ceremony.

Interact gives Collegiate students the chance to make a real difference while having fun. Collegiate's Interact club will carry out two service projects a year: one that helps their school or community and one that promotes international understanding. For their local

project, students have chosen to support Community Care throughout the year. Donations can be placed in bins located throughout the school. Interact meets at least twice a month and are sponsored by the Rotary Club of St. Catharines who ensures that there are Rotary mentors at each meeting. All students are welcome to join!

### WINTER SPORTS

Jr Boys' Basketball  
Sr Boys' Basketball  
Girls Volleyball

Come out and support your Saints!  
All sports schedules can be found on our school website

[www.collegiate.dsbm.org](http://www.collegiate.dsbm.org)

### College/University Application Deadlines

College and university application deadlines are fast approaching!

**University- Jan. 11**  
**College- Feb. 1**

Please see Guidance if you require assistance.

### Christmas Concert and Road Show

For the second year in a row Collegiate students took their musical talents on the road. The Saints performed for students at Edith Cavell, Grapeview, and Harreit Tubman this year. They rounded off their holiday tour with their Annual Winter Concert on December 15th which included a dramatic and humorous rendition of 'The Twelve Days of Christmas'.

## SSTC SAINTS QUILT

Students in our Specialized School to Community pathway along with the support of their teacher Ms. Dioguardi and educational assistants, surprised Principal Zonneveld with a heartfelt gift. Students have been very working hard over the semester to produce a large Collegiate- themed quilt. The quilt includes appliqué blocks highlighting everything Collegiate has to offer from sports to hairstyling.

Students not only enjoyed the joy of giving to others, but also learning how to quilt and design appliqués in the process, too. The intricate quilt will be showcased at the school for students and visitors to view.

## ENVIRONMENTAL SCIENCE FNMI AND EXPERIENTIAL LEARNING DAY

On December 13, Collegiate students in Mr. Abfal's Grade 11 Environmental Science class joined forces with Eastdale students at Ball's Falls to investigate invasive species and develop a plan of action to combat them. Students also had a chance to learn more about First Nations culture and the importance of the Niagara Region through DSNB FNMI Consultant Georgie Groat.
