Makes Us Tick!

LORA
Courtois
Principal

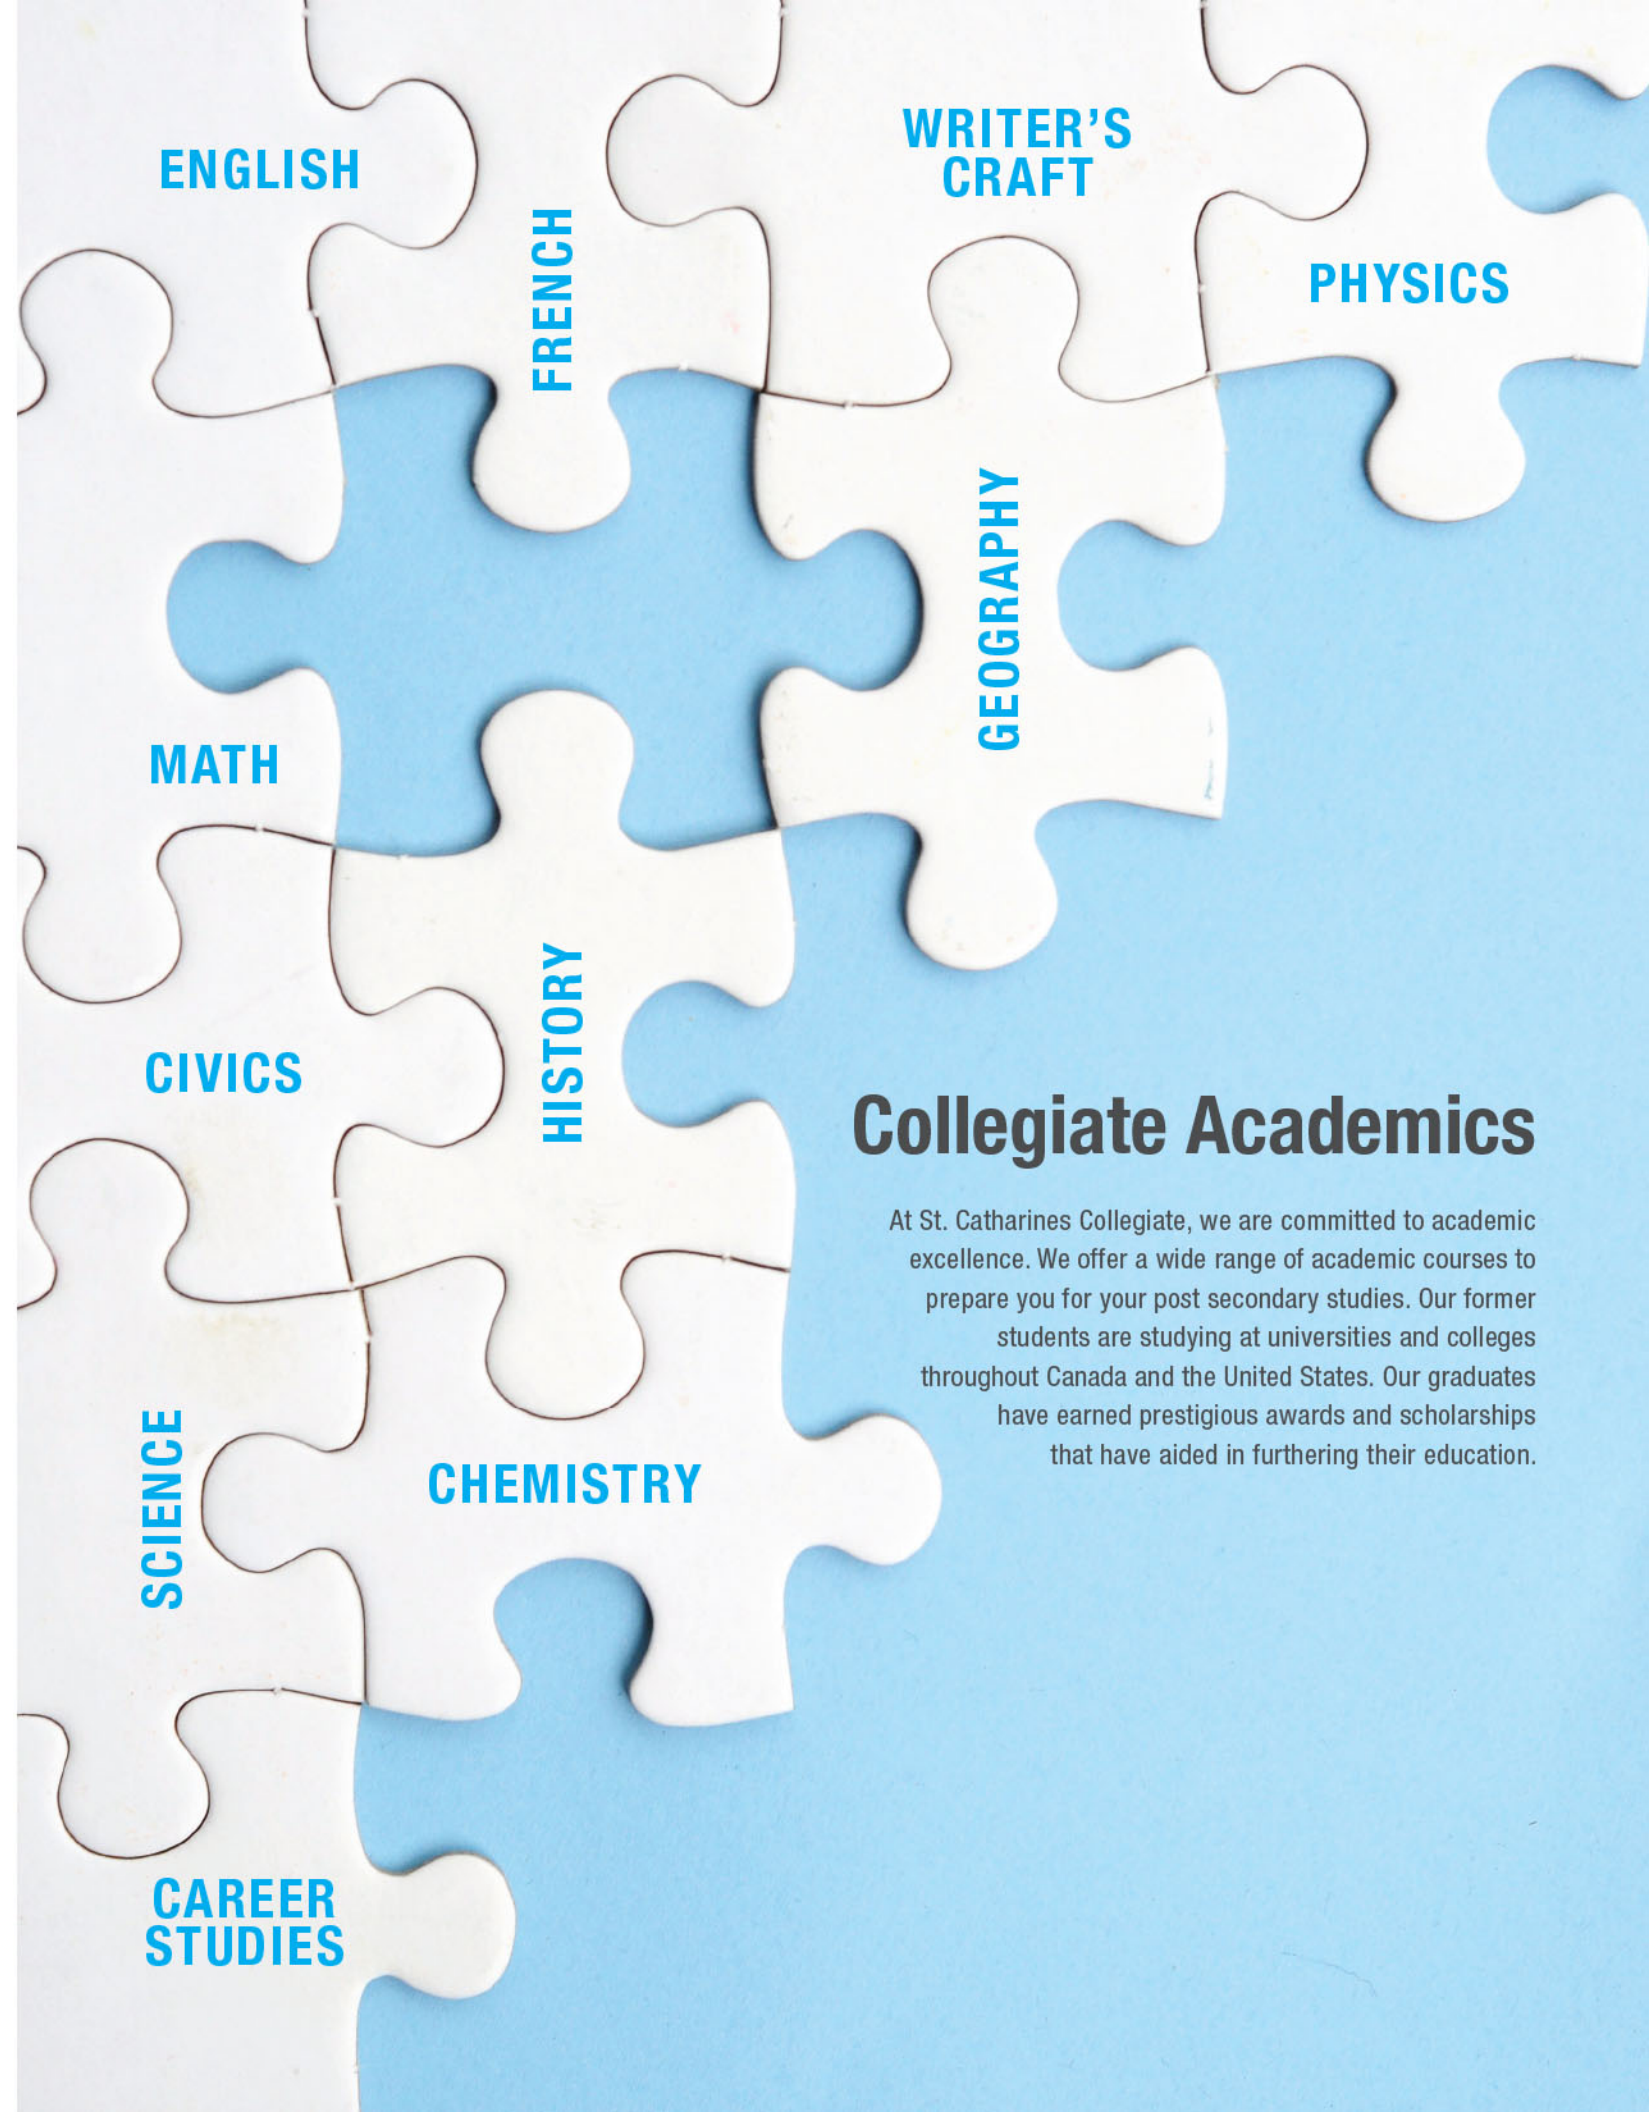

Welcome to the new and improved St. Catharines Collegiate. We are undergoing many major and exciting changes this year to prepare for a newly expanded, bigger and better Collegiate.

We are a vibrant, comprehensive high school catering to the needs of students of all ability levels. Whether you are heading to university, college, apprenticeship or directly into the world of work, you can accomplish it all at Collegiate. Our diverse student population expresses their talents through Academics, the Arts, Music, Communications, Media, Technology, and Sports: there is something for everyone.

Learning facilities at the school are exemplary, with an intense focus on the implementation of new and existing technology, experiential learning and academic excellence. Our many and varied clubs and teams allow students to develop teamwork, leadership, interpersonal and communication skills, which will serve them well as they move to higher levels of learning and success in their future careers.

Collegiate is seen as a thriving learning environment by the surrounding community; a community where parents, staff and students work together to achieve social and cultural development. We come together to give back to our community through fundraisers and volunteer work along with providing real world services. We are so proud of the difference our students make to our city and to our global world. Our school has deep traditional roots and was one of the founding schools in Ontario. This, coupled with our current state of the art technology renovation, makes our school an exciting and dynamic learning environment.

We invite you to visit our website at collegiate.ca to view regular updates on current events, school news, and student accomplishments. We also invite you to stop by our school and see our Saints in action. You will see for yourself that at Collegiate, your future is looking brighter.

Collegiate Academics

At St. Catharines Collegiate, we are committed to academic excellence. We offer a wide range of academic courses to prepare you for your post secondary studies. Our former students are studying at universities and colleges throughout Canada and the United States. Our graduates have earned prestigious awards and scholarships that have aided in furthering their education.

Collegiate Course Offerings

University level courses prepare students for a post secondary career at university that may involve essays, report writing, and research. Admission requirements to university are six "U" or "M" courses. University websites are good resources to ensure that all prerequisites are acquired for a desired program. At the grade 9 and 10 level, Academic level courses are necessary to continue on in this pathway.

CO-OPERATIVE EDUCATION

College/Apprenticeship courses will give students the fundamental academic skills that they require to pursue a post-secondary education. The grade twelve College level English course is a requirement for most college level programs. Some programs have other prerequisites as well. Students may also be interested in taking "M" level courses which are also excellent preparatory courses.

CO-OPERATIVE EDUCATION

The Specialized School to Work (SSTW) program prepares students to enter the world of work upon graduation. The curriculum supports a hands on approach to learning with a significant focus on job training. In senior years, students are prepared for their employment search and there is a strong emphasis on co-operative education in order to receive on the job training. At the grade 9 and 10 level, Essential level courses are recommended to continue on in this pathway.

Mohammed Ahmed

Mohammed "Moh Speed" Ahmed is a Canadian Olympian who ran in the 10,000 meters in the London 2012 Games. He was 4th at the Jr. Worlds, and won gold at the Pan American Games. He earned a full scholarship to Wisconsin University and is a 3 time NCAA All American and NCAA/Cross Country Champion.

Collegiate's Visual and Performing Arts Department continues to produce top notch art students that have gone off to prestigious art schools all across Canada and the United States including: Julliard, New York City's Parson's School of Art, McGill University, Ryerson, St. Xavier University, Sheridan College, Pittsburg Univeristy, and Mount Allison. One of our graduates, Emily Fauratto, is a designer for Cirque du Soleil.

Our robotics team placed 3rd in 2011 and 10th in 2012, out of 5,000 teams from around the world.

Did

David Wakulich earned rowing's triple crown: Stotesbury, American Schoolboy, Canadian Schoolboy. He was 8th in the world at the Junior Championships in Beijing China and earned a full scholarship to Harvard.

YOU

Collegiate has won numerous awards at the Sears Ontario Drama Festival and were 1 of 3 schools selected to represent Niagara at the 2009 Regional Festival. These awards include 2 awards for Best Canadian Play, 3 Best New Play awards, an Outstanding Production award, Shaw Festival's Most Promising Student Award, numerous awards of excellence for individual and ensemble acting and a Technical Award for Film.

Collegiate Wrestling is known across Ontario and Canada for producing some of our country's top wrestlers producing 21 OFSSA medalists (13 gold, 5 silver and 3 bronze), 23 provincial medalists and 19 national medalists.

Know...

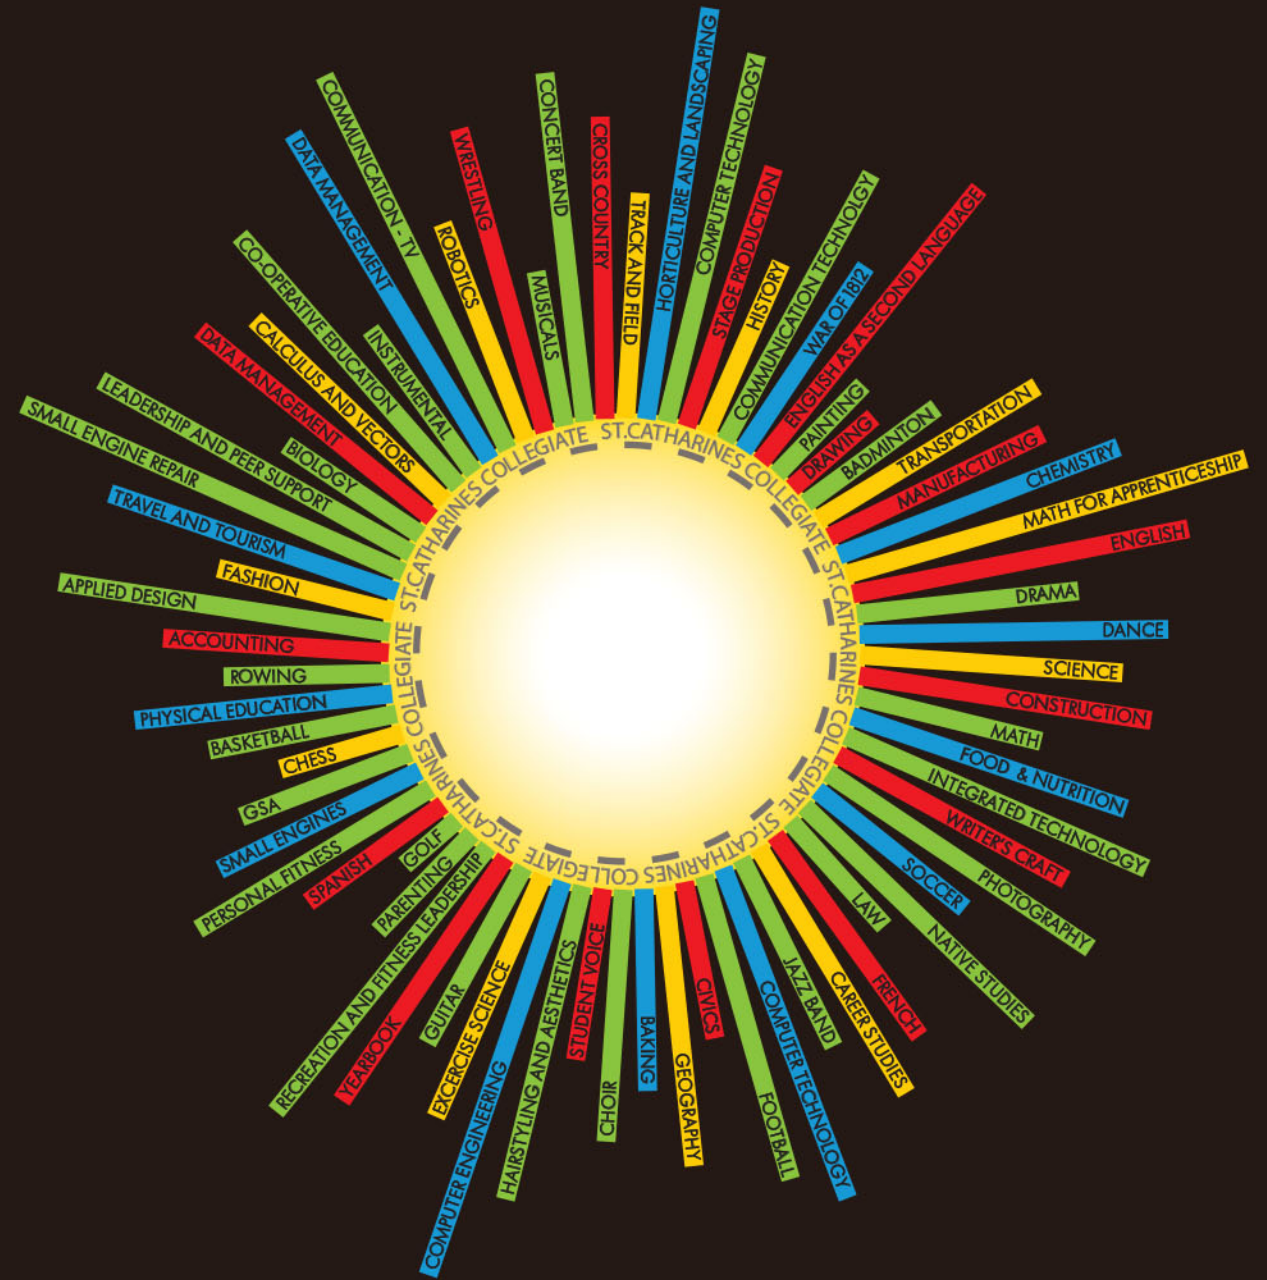

Twin sisters Jessica and Shannon Danku both earned full soccer scholarships at North Eastern Louisiana State Univeristy.

We have been the winner of Niagara's Best Dance Crew in 2009, 2010 and 2012 and have two first place awards at the Strive Dance Competition. In the last two years, ten students have received dance scholarships.

We have won over 40 Gold Medals at Regional and National Musicfest Competitions.

Last year we placed first in both Niagara College Baking Culinary Cook Off and the DSBN Skills Competition for culinary arts.
